To Whom It May Concern:

I am pleased to write this letter of recommendation for Mr. Christopher Tadley. For the past eight weeks, I have had the pleasure of serving as cooperating teacher for Mr. Tadley my fourth-grade classroom.

In his first field experience, Mr. Tadley exceeded the requirements of his assignment in many ways. He spent two days in our classroom above and beyond the assigned days and, in addition, arrived an hour earlier than contracted start time every day. Mr. Tadley quickly established a good working relationship with the faculty and staff in our school, finding time to observe many of the classroom teachers, specialists, and administrators.

During the course of his student-teaching experience, Mr. Tadley consistently demonstrated strong interpersonal skills with the students, parents, and staff members. He taught with confidence and has proven to be dependable, cooperative, willing to accept constructive criticism and not afraid to ask questions. His rapport with his students was consistently positive throughout the eight-week period. The students miss him very much.

Mr. Tadley grew professionally during his experience here at Conrad Weiser West. Along with math and language arts, he effectively developed and taught a unit on Native American tribes that lived in Pennsylvania in pre-colonial times. The lessons were standards-based, yet also engaging, creative, and inclusive. He varied his instructional methods by utilizing available technologies successfully.

I wholeheartedly recommend Mr. Tadley to you. I have no doubt that he will be an asset to your school district.
